

A SNOW PLOW HAS BECOME A NECESSITY

STONEGATE AND
DALE RESIDENTS;

Be It Second Hand, Home-
Mader; or Modern Out-
fit, Arl. To Have One.

Arlington Heights needs a snow plow. So think residents of Stonegate, Scarsdale and others. The clearing of snow from walks by adjoining residents may be all right for those parts of town where there are sidewalks, but those ultra-modern subdivisions of Stonegate and Scarsdale have no sidewalks and with the arrival of every snow storm those residents are brought in.

Alderman Schaefer has brought the matter to the attention of the village board several times and Monday evening, with a snow blizzard outside of the municipal building, Mr. Schaefer was authorized to find a snow plow, be it second hand, a home-mader, or a new outfit.

Other matters before the village board were the routine reports of the various committees, and passage for payment of bills and payrolls amounting to \$1,870.25.

Paul Taege, building commissioner asked the consideration of the board to a standard building application, which would give a permanent, yet simplified record of his office.

The village has received notice that a hearing will be held by the Illinois Commerce Commission in a proceeding against the Illinois Bell Telephone Co., for a reduction in rates.

Existing vacancies to the plan commission and the zoning commission were given consideration and appointment to the plan commission of Messrs. Paul Taege, term to end 1938, and Smith, term to end 1936, were approved by the board. The present members of the board are Elmer Crane and J. A. ...

Appointments to the zoning commission will be made at the next meeting.

(Continued on Page 2)

TO CONSIDER CANDIDATE FOR COMMITTEEMAN

Committee of 25 Will Select
Candidate for Democratic
Official.

At a meeting of the Wheeling Township Democratic Organization last Friday evening members of that group voted to hold their regular meetings on the first and third Friday of the month, it was reported by Thurman J. Dodge, President. The meeting was well attended, members having been advised that Homer J. Byrd, state superintendent of registration, would be the speaker. Byrd, however, was unable to be present, being detained at the state capital.

Members listened to the speech of President Roosevelt before calling the meeting to order, after which it was announced that the executive committee and the board of managers consisting of 25 members, would announce on Jan. 17, the name of the organization's candidate for the post of township committeeman, to be elected at the April primary. Civic leaders and business men are to be asked to aid in the choice of a candidate.

Selection of the candidate is being awaited with considerable interest because of competition from an insurgent group which is expected to name an opposition candidate.

With Arlington residents holding more than their share of jobs dispensed by county and state organizations the Regular Organization group feel that the insurgents reported promising of jobs after the election will carry little weight with the voters.

BBM Contest At St. James Hall Friday Night

Many have already registered for the WBBM contest to be held at the St. James church auditorium Friday night, Jan. 10. The winner of this Opportunity contest will compete with a number of winners from neighboring cities at a future date. The winner of the finals will be guest star of George Olsen and Ethel Shutta at the famous College Inn, Hotel Sherman, Chicago.

Along with the contest, there will be clever entertainers, so it is a well rounded out program. This is an opportunity for everyone, and anyone may try out in the contest, and it still isn't too late to register with Miss Nolte. Call 84-J.

Contest to be held at the St. James Auditorium, 8:15, Friday, Jan. 10.

Vehicle Tag Collection Near 100%

Perhaps some where in Arlington Heights there was an auto in hiding during 1935, that escaped a 1935 vehicle tag. If so, the police department do not know it. In a final report of the year made to the Arlington Heights village board Monday night, chairman Geo. Schneberger reported a total vehicle tag collection for the year amounting to \$3,982.50. This is \$68 more than the previous year. The report stated that so far as the police were aware there were no untagged cars. Two hundred and twenty vehicle owners have taken advantage of the fee reduction and have already bought their 1936 tags.

Business Men "Working Out" Licenses

The record for business licenses was not quite perfect, but a few of the remaining delinquent business men are "working out" their licenses by the sale of supplies to the village. There still remain \$115 unpaid but the police expect to get it all. Five business men have already paid their 1936 licenses.

The comparative table presented to the board Monday night follows:

Year	No. Sold	Amount
1934	1043	\$3,914.00
1935	1088	3,982.50
1936	220	615.50

Business Licenses

1934	119	1,305.00
1935	108	1,254.00
1936	5	45.00

* Nine licenses amount to \$115 are in process of collection.

Alderman Schneberger gave as his opinion that the village should protect the local business man as much as possible and drew the attention of the board to the fact that an outside bakery, or other outside business, can obtain a 12 month license in Arlington Heights for \$10 where that same business is compelled to pay \$60 in Palatine and \$100 in Barrington.

The village attorney was directed to prepare an ordinance raising license fees of outside firms.

Norwood Park Man Shot; Gun Waits Too Long Before Firing

One way not to welcome in the New Year is by using firearms. Perhaps Walter Fahr of 4017 Decade avenue, Norwood Park township and James Buchinski of 4018 Oketo avenue Norwood Park township, were too enthused with the prospects of a better year and forgot. Sheriff's Highway Police summoned to investigate an accidental shooting early January 1, in which Fahr received a wound in his abdomen, learned that the two men, Fahr armed with a rifle and the other with a revolver went out on the street past midnight to usher in the year with a bit of noise. The rifle went off, but the revolver didn't, and when the men returned to Buchinski's home, the latter slightly perturbed over the fact that he had not done his part, stated, "The damn thing wouldn't go off," and with that he threw it on the floor. The gun then did its duty by going off and Fahr fell to the floor wounded. Perhaps next New Year's Eve, both men will welcome the new year by just shouting.

41 Foreclosure Suits Filed to Collect HOLC Loans in Illinois

So far only 41 foreclosure suits have been filed in Illinois, which is only 1-17 of 1 per cent of the 6,417 loans made. A good share of the foreclosures made so far involve "chislers" who are able to repay their loans but have refused to do so.

The great majority of Illinois borrowers are making their payments promptly, so that collections for the Corporation compare favorably with those of private mortgage lending agencies. Delinquencies are confined mainly to a relatively small number of people who are in genuine difficulty due to unemployment, illness or similar factors. Borrowers in this group, whose past credit standing is favorable, are given lenient consideration by the Home Owners' Loan Corporation. Such leniency, however, is not being extended to borrowers who deliberately refuse to live up to their obligations.

Annual Meeting of Cook Co. Truck Gardeners To Be January 11

The 34th annual meeting of the Cook County Truck Gardeners & Farmers Association, will be held in the Masonic hall, Milwaukee avenue and Gale street, Jefferson Park, Chicago, Saturday afternoon, Jan. 11, 1936, starting at 1:30 o'clock.

Interesting speakers have been invited to attend, who will discuss the meeting on subjects of importance and interest to all. Live-wire entertainers have been engaged to add a touch of fun and laughter, and of course, there will be the usual business routine of annual reports, election of Board of Directors, etc. You will not want to miss this session, and bring your friends.

AGRICULTURE WILL SUFFER BY BLOW TO AAA

O. G. Barrett, Farm Adviser, Says Effects Will Be Far Reaching.

O. G. Barrett, our Cook County Farm Adviser, was interviewed regarding the decision of the Supreme Court with reference to the validity of the AAA. Asked as to what effect this would have on the local situation his answer was that the court action will be the most severe blow to the welfare of the nation since the economical collapse of 1929. It certainly will have a negative effect on the agriculture locally and it will have a negative effect upon agriculture nationally, which he says with all emphasis, it will have an effect on industry and the well being of our nation.

Asked what effect it will have on the retail prices of pork chops, bread and other commodities that were known as basic commodities, for the immediate it will possibly mean no difference. The reflection cannot be shown with such rapidity. Whether there is an AAA or not it will not effect for the next week or two weeks. Taken over a period of possibly three to five years, unless some other provision is made and if agriculture is forced to sell its wares on a world market, then the anticipated prices for agricultural products comparable to those of 1931 and '32. Certainly if they are reduced to such an extent the price to the consumer will be reduced somewhat, but not in proportion to the amount reduced to the farmer as has been proven.

It is interesting to note that there were three of the Supreme Court Judges that were just as sure that the act was right, both the levying of the tax and the use of the revenue derived therefrom, as the six were that agreed that the levying of the processing tax was legal but disagreed to the purpose for which the proceeds were used.

Asked if he thought the government would devise some other method to govern production other than "paying the farmers not to produce" he smiles and speaking in the meanest terms that he can think, said, "Let's never speak in the manner of paying them not to produce. Let us say that the benefit payments were issued to the farmer somewhat as a bonus in payment of his cooperating to do what will be the best thing for the nation to be done." Answering your question we may say that it is difficult indeed to predict what will be done. It is easier to predict what will be the results if something is not done and our prediction is that before 1941 unless something very substantial is done we will see a recurrence of low farm prices and reduced buying power by farmers of industrial products and again the factories which have been closing will be closing. Pork chops will be cheaper, no doubt, but though there may be vastly more of them and at a lesser price, they will be harder to get because a fellow without a pay check is in a poor position to buy them at any price. We do not believe that our Congress or that our statesman or that any of our political organizations care to or will allow a repetition of what we have gone through these last few years.

Red Cross Classes In Home Hygiene Being Organized

The American Red Cross is again organizing classes in Home Hygiene and care of the sick. Twenty to twenty-five women or girls make a workable group. The classes are held once a week for two hours and the course is covered in twelve lessons.

Their aim is to teach as many as possible how to keep themselves physically fit and what to do when illness comes into the home.

Work to be covered—bed making; caring for a sick person in bed; bathing a patient in bed; taking temperature, pulse and respiration; caring for new born baby; children of pre-school and school age; proper health habits; substituting for sick room equipment, and learning how to become physically fit and stay well.

Palatine Rebekah Lodge Installs New Officers

Palatine Rebekah Lodge No. 116, held their annual installation of officers, Thursday evening, January 2, 1936. Mrs. Grace Bairson, past president of the Rebekah State Assembly of Illinois, was the installing officer. She was assisted by Winnifred Davison, Marshall; Alice DeYoung, warden; Helen Wynn, recording and financial secretary; Elizabeth Brown, treasurer; Ellen Pearson, chaplain; Pearl Hanlin, inside guardian and outside guardian; Elvora Foster, musician.

The officers who were installed are: Noble Grand, Florence Roesner; vice grand, Martha Meyer; recording secretary, Clara Wienske; financial secretary, Lena Deverman; treasurer, Emaline Godknecht; junior past noble grand, Florence Parkhurst; warden, Emma Vogt; conductor, Marie Bockelman; chaplain, Anna Haldeman; right supporter to noble grand, Catherine Mohr; left supporter to noble grand, Alvina Mess; right supporter to the vice grand, Laura Hildebrandt; left supporter to vice grand, Minnie Sapp; inside guardian, Louise Bauman; outside guardian, Mary Kamper; musician, Lillian Bergman.

Mrs. Florence Fredbeck was the soloist for the evening, accompanied by Edith Scott. A piano solo was given by Miss Henrietta Meyer. Two groups of readings by Lillian Ruth Draper accompanied by Mrs. John Alden. Piano and saxophone selections given by Wilbur and Roger Grant.

Mrs. Gertrude Smith was accorded the honor and pleasure of presenting the past noble grand ring to her daughter, Florence Parkhurst who responded with a few well chosen words of gratitude. Each installing officer was given a gift.

First 1936 Baby Is First Grandchild and First Great Grandchild

A six and a half pound boy, who arrived Sunday, Jan. 5 to Mr. and Mrs. Ray Lempeke of Arlington Heights, has the honor of being the first 1936 Arlington Heights baby and also the first grandchild and first great grandchild on both sides of the house.

The little youngster arrived at the Elmhurst hospital and frequent bulletins from mother and the boy say "all is well." The grandparents are Mr. and Mrs. Fred W. Gieseke, of Arlington Heights and Mr. and Mrs. Wm. Lempeke, of Des Plaines.

Second 1936 Baby

Mr. and Mrs. Arthur Harting, of Pine Avenue, are the parents of a son, who is the second youngster to be born since the new year. He arrived in this world at the Des Plaines hospital, a few hours after the arrival of Ray Lempeke, Jr., the first 1936 child in Arlington Heights.

Third Baby Arrives

Mr. and Mrs. Steve Bauers are parents of a son, born Sunday, evening, 6 o'clock in the Chicago Memorial hospital; all well and happy, even Uncle Jake.

Fire Chief Spent Holidays in Florida And Havana, Cuba

George K. Volz, Arlington Heights fire chief, accompanied by his daughter, Donna Marie, instructor in Arlington Heights high school and Mr. and Mrs. Bensen, returned home Saturday from a fifteen day winter vacation that included five days in Cuba.

"It was the first time," said the fire chief, "that I was ever able to drive my car as fast as I desired." Anybody who has ever driven with George will appreciate that statement. They tried out the speedway at Daytona Beach at eighty miles an hour and the Everglades at ninety miles an hour.

They passed through the stricken hurricane districts where so many lives were lost recently. The visitors from Arlington Heights brought back with them many photos showing devastation that resulted and which has not been repaired.

The only disappointment of the party was the inability to make the trip from Miami to Havana by air in the Clipper, for which reservations were filled for four weeks in advance. This was not the first time that Mr. Volz has made the trip and with a guide who was formerly a Greyhound bus driver, out of Chicago, the Volz party saw all the sights and enjoyed all the experiences that Cuba has in store for tourists.

Red Cross Classes In Home Hygiene Being Organized

The American Red Cross is again organizing classes in Home Hygiene and care of the sick. Twenty to twenty-five women or girls make a workable group. The classes are held once a week for two hours and the course is covered in twelve lessons.

Their aim is to teach as many as possible how to keep themselves physically fit and what to do when illness comes into the home.

Work to be covered—bed making; caring for a sick person in bed; bathing a patient in bed; taking temperature, pulse and respiration; caring for new born baby; children of pre-school and school age; proper health habits; substituting for sick room equipment, and learning how to become physically fit and stay well.

Palatine Rebekah Lodge Installs New Officers

Palatine Rebekah Lodge No. 116, held their annual installation of officers, Thursday evening, January 2, 1936. Mrs. Grace Bairson, past president of the Rebekah State Assembly of Illinois, was the installing officer. WARNS PARENTS OF NEW DANGER OF CONTAGION

Watch for Symptoms of
Scarlet Fever and Small
Pox, Says Nurse.

SECOND DEATH FROM SPINAL MENINGITIS AT PALATINE

The death last week in Palatine of Jack Heiden, five year old boy of spinal meningitis, was followed this week by a second case resulting in death. Mary Behling, four years old, was removed to the isolation hospital, Chicago Monday evening. She died Wednesday morning. The disease took Jack following an ear infection. Mary had no complications and only become ill Sunday.

Miss Luella Callahan, attached to the Cook County and Rural Public Health service and who has charge of Palatine and other local townships, in an interview this week with a school principal revealed that there is great danger and likelihood of serious epidemics in children's diseases at this time of the year unless adults and parents watch for symptoms.

"A nurse in our department with headquarters in Maywood," said Miss Callahan, "uncovered a case of small pox in that suburb which had exposed fifteen additional cases. Small pox has been found in Melrose Park and Hillside. Scarlet fever is also increasingly evident."

The health department of the state of Illinois has issued a bulletin that small pox is due for an epidemic this year. Contagious diseases are worse than any financial depression and at the request of Miss Callahan this paper is publishing below the symptoms of the two diseases:

Spinal Meningitis

The Illinois Department of Health says: "Onset gradual or abrupt with fever, headache and stiffness of neck. There is often intense sensitivity of the skin. The head may be strongly retracted and the limbs and trunk rigid. Skin eruption may appear from the first to the third day, about which time there may be a transient improvement in all of the symptoms."

Smallpox

"Onset usually sudden, accompanied by fever, headache and severe backache. About the evening of the third day or morning of the fourth day, upon subsidence of the general symptoms, red spot-like pimples begin to appear. These are beneath the skin and are usually first seen about the face, and wrists and other exposed or irritated surfaces. They tend to develop progressively into firm blisters and pearly-white or yellowish pustules."

"... Onset, usually sudden. Vomiting, headache, fever and sore throat, prominent early symptoms. Rash begins within 24 hours and appears first on the neck and upper part of the chest, spreading rapidly over the entire body within a few hours. Generally shows itself early as fine red spots which tend rapidly to coalesce or run together, presenting an evenly diffused bright red appearance, resembling boiled lobster meat. The rash may, however, be so faint as to present but a flush of the skin."

Engine Smoke Causes Accident on Mannheim Rd.

Mr. Marcus Erickson of 7433 Rhodes avenue, Chicago, Ill., will never forget the song "Smoke Gets in Your Eyes." That very thing happened January 1 at 7:20 a. m., as he was driving over the Milwaukee railroad viaduct on Mannheim road just north of Grand avenue as the train was passing beneath the viaduct. The smoke from the locomotive obscured his vision and he crashed into a car being driven in the opposite direction. As a result of the collision, three persons received minor injuries and were taken to the Northwestern hospital in Des Plaines, Ill.

Wooden Structure Burns Quickly at No Man's Land

Deputies investigating a fire Jan. 6 at 9:00 p. m., in No Man's Land on Sheridan road, found that a dairy and poultry products store owned by Mrs. Immell of 2928 N. Talman avenue, Chicago, Illinois, containing stock and fixtures valued at \$1200, was completely destroyed. The fire of unknown origin, started about 8:30 p. m., and due to the fact that the structure was wooden, burned quickly.

Arlington Florist In Hospital; Result of Partial Stroke

Mrs. Ida Flynn, of Flynn-Gable, Arlington Heights florists, is in an Evanston hospital as a result of a partial stroke to her left side, which occurred last Thursday. She was moved to the hospital Sunday and there has been little change since then.

Des Plaines Insurance Co. Annual Meeting Will be January 14th

Notice is hereby given that the annual meeting of the Des Plaines and Cook County Farmers' Mutual Fire Insurance Co. will be held at the Lutheran school hall, Mt. Prospect Tuesday afternoon, Jan. 14, 1936, at 1:00 p. m., when officers will be elected, the reports of the officers will be heard and other business of the company will be transacted.

George Busse, Secretary
Fred Wille, President.

CONFERENCE OF DAIRY FARMERS AT PALATINE

First of Series to be Held
At Agricultural Room
Of High School

The agricultural department in the Palatine Township High School will conduct a free evening discussion group for dairy farmers this winter. The first meeting will be held at 8:00 o'clock in the agricultural room at the high school on January 22, and will be held every Wednesday night, succeeding that for ten weeks. The meetings will be conducted by Mr. Howell, the vocational agricultural instructor in the high school.

The subject to be discussed will be dairy farming. Such problems as balancing rations, choosing dairy feeds, summer feeding, winter feeding, testing milk and keeping records, breeding dairy cattle, etc., will be discussed. These meetings are not a series of lectures in any way, but are intended to be a round table discussion of various methods of dairy farming as carried on in this community. Every one attending will be invited to enter into the discussion and give his ideas so that all may benefit from each others methods and experiences.

This is an opportunity for the farmers in the Palatine Community to meet each other, get acquainted, and at the same time take part in a program where-by each farmer can help his neighbor and receive help in return through an exchange of ideas. Attending a discussion group of this character is one method of picking up practices that have been tried and proven their worth by practical farmers and every dairy farmer in the community could profit by being in attendance.

Mr. Howell has interviewed several of the farmers in the community and explained the nature of the meetings, but since it is impossible to visit all the farmers he takes this opportunity to extend an invitation to the farmers in the community who are interested to come into all the meetings or to as many as they can.

Each meeting will last an hour and some form of recreation will be provided for those who wish to remain for a while after the meetings.

Urges Bi-Partisan Personnel to Administer Old Age Pensions

Governor Homer has sent a communication to each of the County Judges of the state in reference to the set-up for administering the Old Age Pension. Among other things he says: "It is apparent that the actual operation of the law and the benefits to the aged of our State may be greatly hastened by your now giving thought to the personnel of your set-up, so that if the Senate approves House Bill 32, no time may be lost in putting the plan in operation. In selecting the six appointments may I suggest that no more than four should be of the same political party. Naturally if the provisions of House Bill 32 are not adopted, your action may be for nothing. It is, however, worthy of your time to be prepared to act quickly so that both State and County may begin administrative operations as soon after January 7, as action is taken by the Senate. May I therefore ask that as soon as possible you send a list of your appointments suitable for membership upon the proposed County Commission of Public Welfare in your county. With these preliminaries accomplished the County Commission of Public Welfare can be made ready to receive applications of those who qualify under the law shortly after the adoption of House Bill No. 32 if it is adopted."

It is estimated that there are now in the State, 65,000 who are on relief that are 65 years of age and over. This is not taking into account the thousands that are over 65 years of age and are not on relief.

James H. Andrews, Superintendent of Social Assistance in charge of administering the Old Age Pension under the Department of Welfare is in Ohio investigating the set-up of that state. Ohio has had the Old Age Pension for a number of years and has perfected an organization.

Property Owner Brings Puzzle To Aldermen

Monday evening, for about thirty minutes, a good time was had by all at the first 1936 meeting of the Arlington Hts. village board. The "all" includes William Ritchie of Chicago owner of an acre of land at the corner of Douglas and St. James, who with a smile on his face, told his land troubles to the spectators and members of the board to whom it sounded at times like a fairy tale.

None of the parties present that evening really knew the answer, but Attorney Hugo J. Thal promised to investigate and solve the mystery.

Sometime in 1925 Mr. Ritchie purchased a master's sales certificate at a foreclosure proceedings of the land in question, which he supposed included a barn and a house. He paid several hundred dollars to E. H. Bolte for special assessment sales certificates, which still stand against the property. He insured the house and barn, only to learn when the barn burned five years later that it was not up on his land. A survey revealed that all of Ritchie's property is vacant, but that he is paying taxes and his deed calls for half of a street that is paved; also that he has been paying taxes on the house and barn that were not his property. He possesses documentary evidence to back his claims.

As a first step in clearing matters, he came to the village Board Monday night asking that they buy the 33 ft. strip that was paved as of 1925, but upon which he is still paying taxes. George Klehm, veteran board member claimed that said strip had been procured by the village at the time of the paving by condemnation proceedings. If so, the condemnation records were never carried down into the assessor's books and Mr. Ritchie wants to know who gets the money in the condemnation proceedings.

The owner also had cancelled checks to prove payment to the former treasurer of special assessments. At present Mr. Ritchie does not know where he is at, neither do the members of the village board, but Attorney Thal has promised to attempt a solution of the puzzle.

Mr. Ritchie came out from Chicago with hope and expectation in his breast. He left for home by train because the roads were too slippery with a smile still on his face but not much encouragement otherwise.

Confer on Appointments To County Agricultural Planning Committee

A committee of agricultural leadership made up of Professor C. S. Rhode of the Agricultural College of the University of Illinois, Miss Martha Hensley also of the University, Miss Katherine McCloughry, Assistant County Superintendent of Schools of Palos Park, Mrs. Walter Martin one of the 4-H Club leaders of Lyons Township, Mr. Harvey Adair, President of the Cook County Farm Bureau of Chicago Heights with O. G. Barrett, Farm Adviser and M. E. Tascher, Assistant Farm Adviser of the Cook County Farm Bureau met in the office of the Cook County Farm Bureau Wednesday forenoon for the purpose of making nominations and the establishment of a committee of twenty-three including all phases of agricultural thought to serve as the Cook County Agricultural Program Planning Committee.

In the past years the Farm Adviser and those connected with the University have largely had to do with the determination of projects and this seems a step in the way of progress so far as agriculture is concerned, to adjust the program and the projects to suit the needs of the county based upon the desire of the people more specifically concerned with agriculture within the county.

The committee arrived at nominations and it is expected that appointments by the Dean of the College of Agriculture will follow shortly. Meeting of the committee of twenty-three is expected in the near future.

New Scout Executive Appointed for N. W. District

Mr. Clifford C. Gregg, President of the Northwest Suburban Council announced the appointment of Mr. Donald E. Kyger as the new Scout Executive of the Council. Mr. Kyger is an old timer in scouting having had fifteen years experience of which 9 have been in the professional service. This began in Chicago Heights as an Assistant Executive and was followed by several years experience as Executive at Mishawaka, Indiana, and then as Scout Executive of the Logan County Council at Lincoln, Illinois. Mr. Kyger comes to the local council from the latter position. He will take up his new duties here February first. He is married and has one daughter. Mr. Kyger fills the position that has been occupied the past six years by Chas. O. Nimtz who is leaving to take over similar duties in connection with the Kikthawen Council with headquarters at Anderson, Indiana.

FARM BUREAU RE-ELECTS OFFICERS

Membership Totals 1736,
the Greatest in History
of County Organization.

The Cook County Farm Bureau held its regular monthly meeting in the offices of the Illinois Agricultural Association at 608 South Dearborn street, Chicago, Monday, January 6, 1936.

At the annual meeting held recently Mr. John R. Macauley of Lemont, Illinois, was elected as director from Lemont township to replace Tom Welter, who is retiring from farming. Mr. Wm. Rengel of New Trier township was elected as director at large. All of the township directors with the exception of Mr. Welter were returned. At the monthly board meeting Monday the election of officers were as follows: Harvey Adair of Chicago Heights who has served as president for two years, was re-elected. Jacob Ouwenga, of Blue Island was re-elected as vice-president and Alfred Busse of Mt. Prospect was re-elected as secretary-treasurer.

The Farm Bureau membership in Cook county nine years ago stood at 182 and the organization still boasts over the fact that they can as yet multiply the number of years by that 182 and have some to spare. The Farm Bureau ended its year with 1736 being 98 more than enough to bear this record.

The Farm Bureau contract is a life contract with the privilege each year of cancellation. The privilege is extended during the last 60 days of any fiscal year for the member to withdraw. Not taking advantage of this his membership continues indefinitely. After this year's cancellations and after the releasing of some by the board of directors the active membership of the organization today stands at 1631. The Farm Bureau has come to be known as the source of expression of the better things in agricultural life. We do not hear criticism or complaints as in years previous.

Observer's Notes

Something to hope for, something to do,
Someone to love. Here a slogan for you,
On resolutions best keep still,
To break or to keep depends on your will.
New year, a clean white page
doth give
A record to show just how you live.
Hoping, and doing run along;
Loving and growing ever more strong,
Keep each day's record clean and white
With faith in God and strength to do right
May this year's closing reveal to
What hoping, working, and loving will do.

Work and grow strong. Work, honest purposeful work, is the greatest panacea for all our ills. It clears the brain and nerves the heart. It bringeth easement for our pains and with its magic somehow drains the poison from our blood.

Isn't it true that most people you know are trying to get position on easy street? If everyone would realize that flabby muscles and flabby brains go together they would go to work even if they had to soil their soft hands and soft clothing. The brain power of the world emanates from men who use their triune gifts of hand, heart and brain.

Snow! Snow! Beautiful snow. Everyone feels the thrill of its heavy white covering. It purifies the air holding in its feathery flakes. All germs and greedy grumps that may come down with the storm. Nothing so scatters joy and lightheartedness as the snow. We grow young with the snow ball games and the imposing statuary built of snow.

Whoopie! Cry the children as down the street comes a sled constructed with true Yankee skill, out of a big dry goods box with runners on which to slide, drawn by a real horse, or it might have been the historical "gray mare" at any rate the animal seemed to enter into the sport going along with quick frolicsome steps. All that was lacking was the bells.

Another helpful feature in this fine holiday weather is the extra rest period it gives the weather man and printers. One page of type can fit each day. One like the other, and a Scotch friend named Allison said when he put but one "p" in his name it saved ink and space.

Another joy feature was sight of the boys out with their pony drawing a red sled—can you vision any more cheerful sight? And other pleasing exhibition of the true neighborly spirit was noticed when some boys, some small boys, had hitched a half grown dog to a sled. Two boys got on to ride—but the third one having a heart to help the dog took a rope and fastened it to himself and the dog and made a fine example of team work.

Preceding New Year's Day we were questioning what menu was the historical one to serve on that occasion. Since old southern roast pigs were out of the question, we found that Mr. Hrdlicka, the popular restaurant proprietor had solved the problem by setting out an appetizing satisfying menu of home cooked turkey, vegetable courses galore, from soup to pies, ice cream and coffee. A dinner to please an epicure—or tempt a strict dietician.

Such a pleasant place to meet old friends and neighbors too. A fine aid to perfect assimilation of foods. The Scherfs, Mrs. England, Mr. and Mrs. W. C. Muller, the Flentjes and lots of other nice people. A happy new year send off to be sure.

"We spend our years as a tale that is told," so saith the holy writ. Don't smile at good resolutions, just whir in, and everyone help every other one to keep their good resolves. Be it further resolved that the year 1936, shall leave us a better, a more harmonious, more brotherly, bigger inside and out town than it finds us.

Speaking of harmony, and the working together in that spirit we are reminded of what someone recently said as to the reason for always liking to trade at Gieseke's store. They work together as a family and as employees, all seem to understand the business, and to know that the goal of one is the goal of all. That is why they are so kindly courteous to each other and to customers. It is a pleasure to trade in that store.

Remember the slogan at the beginning of these notes, "something to do, something to hope for and someone to love. That means all humanity. Will Rogers said he loved everyone, and we believe every one loved him. Hope love—and do.

O, just let us work and be glad, And ask of the Lord no more Than a will to turn Where the sunbeams burn— And the spring winds enter the door.

Aforetime we made our prayer For the glory and gain of earth, Now since sacrifice Hath opened our eyes, We know what true prayer is worth.

Lord give us our work to do The heart for the task well done And ease from the sting Of the blossoming And the light of the moon and sun And help us to bear the things That bruise and batter and begn,

That beat on the brain Till we cry out in pain For the heart of a hopeful friend.

O, heal us, and help us to bear And to bless for the years we've had To toil and not spare All our blessings to share, Lord let us just work and be glad.

Had some difficulty in deciding which to see or hear Friday night. Charlie Chan or Roosevelt. We heard him—and wished we had gone to China! After hearing the President we are sure we made no mistake in saying it was a campaign opener. We also understand why Mrs. Roosevelt's New Year resolution was to take more time to think.

About fifty young men and women met Friday in Chicago to receive vague instructions on a new form of boondoggling, most of them are to teach the unemployed how and where to get jobs. These teachers thus join the salaried class. Don't that word boondoggling enchant you? And the new lines of employment are "charming."

Alas, poor Kipling! The Prince of Wales has written a poem! What or who can compete for honors beside a prince or the realm? And right here in America—our President paraphrased a couplet—from "The Night before Christmas." What will take place next? Will the donkey and elephant write in harmony—then "what have you?"

Speaking of Kipling—we are reminded of away back when Kipling—who long lived in America, and married an American girl, and with her brother, During those writing for years. During those years Kipling was taken seriously ill and came near death in New York City. It was at that time—more than 35 years ago Observer—always a great admirer of Kipling wrote the following prayer:

The paper in which it was published now out of print and our copy well worn, we are going to reproduce it. So it is the great poet's seventieth year, and his name is much on the air. We place here our prayer for his recovery:

"In you proud city by the sea, Lies one whom destiny gave place, As genius of our day and race, Stricken, aye unto death may be, We turn to him our eager hands, We kneel his voice, e'en from far lands And joyed to see his star arise.

Giver of all gifts fair and good, Giver of every perfect thing, We voice our saxon brotherhood, In one—the common prayer we bring "Lord spare this child of rarest thought Till his highest work be wrought.

No poet laureate England has produced, indeed none since the Bard of Avon, has equalled the marvelous genius, the infinite length and breadth of variety, the splendor of his imagination, the lofty reach of his thought, the old climber of highest heights and deepest depths of imagination and imperialist robed thought. Seventy? Why let no crepe hangings stay the magic of your pen, come to America, where life begins at 78—come and picture us as we now are.

"On the Road to Mandalay," could furnish no such unique, indescribable material for the Kipling pen as can now be found in America. The language of statesmen, poets, philosophers and clergy are dumb in presence of our new vocabulary—come and learn our language.

The Reading Room is located in the church building and is open to the public every Wednesday afternoon from 2 to 4 p. m., except Sundays and holidays.
The public is cordially invited to attend our church services and use our reading room.

CHRISTIAN SCIENCE CHURCHES

"God" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, January 5.

The Golden Text was, "Among the gods there is none like unto thee. O Lord, . . . For thou art great, and doest wondrous things: thou art God alone" (Psalms 86: 8, 10).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "O Lord God of hosts, who is a strong Lord like unto thee? or to thy faithfulness round about thee?" (Psalms 89: 8).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "God is what the Scriptures declare Him to be.—Life, Truth, Love. Spirit is divine Principle, and divine Principle is Love, and Love is Mind, and Mind is not both good and bad, for God is Mind; therefore there is in reality one Mind only, because there is one God" (p. 330).

O, yes, there's many a noble nam' Of men and women, grand, Who out of foreign lands became Blessings to every land.

So, children, close your ears to war, And bid confusion cease While we review each country for Its glorious gifts of peace.

Capacity attendance ruled at this popular show house all last week with a steady waiting line last Sunday for Broadway Melody. I Live My Life with Joan Crawford Sunday of this week, will probably test house records. Banco and Jack Pot and Merchant Gifts are filling the seats on Friday and Saturday nights and the ever popular Harker Chinaware continues to add zest to the Wednesday and Thursday patronage. Shipmates Forever will be on the bill after for Sunday, Jan. 19, Rendezvous the 26th, In Old Kentucky with Will Rogers on Sunday, Feb. 2, Thanks a Million comes along Sunday, Feb. 9, followed by Shirley Temple in The Little Rebel. Sandwiched in between are such fine special as This Is The Life, Greta Garbo in Ann Karenina, Frisco Kid, O. S. Naughtnessy Boy, Feather in Her Hat, Personal Maxis Secret and Geo. Raft and Constance Bennett in She Couldn't Take It.

Use of the Hairshirt
The hairshirt was adopted by most of the religious orders of the Middle Ages, in imitation of the early ascetics, and to increase the discomfort caused by its use it was sometimes even made of fine wire.

The Social Five Hundred had a joyous meeting with Mrs. August Schulenburg Thursday last week. Their next meeting will be with Mrs. William Wilke in her home on West Miller street.

An auspicious opening of our schools took place Monday, January 6. Teachers and pupils near 100 per cent back in their places, ready for work. A splendid outlook for the year.

Mr. and Mrs. Chet Sietloff are now home to their friends at 139 So. Grove, Oak Park.

The Baby Clinic will be held Tuesday, January 14, at the Health Center, in the village hall at 2 p. m.

Mrs. Albert Kehe and children, who have been spending the holidays with her mother, Mrs. Geffert, in her home on West St. James place, returned to her home in Kankakee, Illinois some time last week.

Mr. and Mrs. Eugene Heller and family, returned home last week from a happy vacation visit in Mrs. Heller's old home among her relatives and friends in Oklahoma. It was Mr. Heller's first trip to that locality, where they visited several towns. The weather and roads were fine, and they had to hear many jokes about the zero weather in their Illinois home. After all, it seemed good to our friends to get back to home where a little cold weather only serves to give us more vim.

Mr. and Mrs. John Robertson of North Douglas, strangers in this boasted city of Good Neighbors, were kindly invited to share New Year's dinner with a family group in the home of Mr. and Mrs. C. E. McWharter, where they began the new year cheerfully.

There was quite a sensation in the Presbyterian church when at the hour of morning service, the twenty or more maidens who under their popular leader, Miss Fern Lorenzen, marched to their places in the choir, prettily clad in robes of dark green. This was pleasing innovation, and the robed choir saves worry about who has the latest new dress.

Billie Miles, son of Mr. W. A. Miles, of Derbyshire Lane, was at home from college for the holiday vacation.

Mr. and Mrs. J. O. Mitzlaff of Tri-State Boulevard, visited relatives in Wisconsin during the holidays.

Mr. and Mrs. H. A. Ashton and their son, John, of Carlyle Place, were guests of friends in Glen Ellyn Christmas day.

Mrs. W. H. Rowland of Mayfair road, was the guest of relatives in Omaha during the holidays.

Mr. and Mrs. A. H. Kaepfel of Mayfair road, received friends in their home, and also visited other friends in other places, as a pleasant way to spend their holiday vacation.

Mr. and Mrs. Charles Scherf entertained as Christmas day guests in their home, Miss Ann Spahr, Mr. Ed. Doyle and Mr. and Mrs. Albrecht from Chicago, and Mrs. Emma England from home town the 29th in a continued Christmas atmosphere. Mr. and Mrs. Scherf entertained the Hess family, all in their beautiful home on North Belmont avenue.

Mr. and Mrs. Herbert Reinshagen

of Derbyshire Lane, entertained friends as guests in their home in the true Christmas spirit, during the holiday vacation.

Through the kindness of a mutual friend we are permitted to see the program presented by the Los Angeles Cosmos club, a pageant of the women of the Bible, in the scene of the Nativity, our ever versatile and enthusiastic, as well as helpful capable friend, Mrs. J. C. Hofstetter, had the part of Joseph, a most difficult part, marvelously well presented. We are sure the many friends of Mrs. Hofstetter in Arlington Heights, would have been glad to witness this scene.

Mr. and Mrs. George Peterson made a business trip to Milwaukee Wednesday this week.

James, son of Mr. and Mrs. J. F. Manz of Carlyle Place, has entered the Theological college at Winfield, Kansas, for a preparatory course for the ministry.

The Ceasa club met Thursday last week with Mrs. Dorothy Harris. Their next meeting will be held January 17, in the home of Mrs. George F. Peterson on North Highland.

Junior Mayor, who prolonged his vacation visit with his grandmother in Wisconsin, came home Monday this week, but not quite in time for school.

Woman's club January 9, the Irving Park Woman's club, hostess, Myrtle Masonic Temple, Irving Park boulevard and Trip avenue. Mrs. Pate and Miss Heller delegates, Mesdames Mueller and Bates, alternates.

The next regular meeting of the club is scheduled to be January 15. Mr. and Mrs. John Allen left Sunday night for Denver, Colo., on account of the death of Mrs. Allen's aunt, Mrs. Carrie Campbell, who died at her home there last Saturday. Older residents here will remember Mrs. Campbell as Mr. Berbercker's sister. Clarence Stadler is a shut-in with a severe cold.

JOB DAUGHTERS DANCE
Those who enjoy good dancing amid pleasant surrounding should plan to attend the Triangle Capers which will be presented at Hotel Sherman next month, sponsored by the Job Daughters. More details later.

What is the news? Snow on the air, And more snow coming everywhere. Christmas and New Year fast recede.

As if under the new code of speed; Disease and death now follow faster.

On tales of auto crash disaster; In spite of tales told on our town, New babies with the snow come down.

Brace up and read your home town news, And help it spread still broader views;

Of local news some make a joke, But just observe they're simple folk.

The new year now but one week old, brings in some splendid news, that our Supreme Court is still steadfast in purpose, not to win by suave words and charming smiles.

So far from somewhere beyond space at this date, three new citizens have come to town, the first announced to us by the happy grandmother as follows:

Mr. and Mrs. George Glow of South Dunton avenue, are the parents of a daughter, born Monday, January 6, 1936.

Miss Kay Cassard from Chicago was a week-end guest of Mr. and Mrs. M. Saar in their home on So. Evergreen avenue.

Mr. John Berchold, who has long been crippled and unable to use his lame leg, went out Monday morning to clean the snow and ice from the walk in front of his home when he slipped and fell, breaking one of his legs. He was taken at once to the Cook county hospital where he was suffering intensely. We have no later account of his condition.

Mrs. D. G. Beatty came home last week from her holiday vacation spent cheerfully in the home of her son, Mr. J. Y. Beatty and family at Evanston. Mrs. Beatty always carries a cheerful atmosphere. Even when she is lonely for those long gone and she had a happy holiday with her children.

Mr. Glen Blackburn of Wauconda, called on friends in the Heights Sunday. He was returning to his classes in State University at Champaign Monday, when the after holiday term begins.

Dr. Paul C. Geisel, O.D.

Mrs. Mary Vedder in her home in North Haddon, has been quite ill the past week. Her daughter, Mrs. Emil Meyer, is unable to come to care for her as her children have scarlet fever in their home near Woodstock.

Miss Lena Wilke is ill, having to take time off from her employment in the home of her parents on West Campbell street.

The Missionary society of the Presbyterian church postpone their meeting this week on account of illness of Mrs. Cleveland's son's wife, in her home, where the society regularly meet. The meeting is postponed until Friday, Jan. 17.

Mrs. Jacob Bauer took time on Sunday to go to the hospital to welcome her new little grandson, she says he is a bright little fellow.

Mrs. Lena Scheirich of East Fremont street now has employment in her old place in Chicago.

Prof. Wm. C. Cleveland and son, Billie, returned to their home at Bloomington, Indiana, in time for the opening of the University.

MT. PROSPECT DEPARTMENT

Viola Niebuhr, daughter of Walter F. Niebuhr of 108 S. Elm street, who suffered an attack of spinal meningitis, returned from the hospital January 1, and is doing very nicely.

We are informed by Dr. Wolfarth of the Mt. Prospect Board of Health that no other cases of this disease have been found.

Margaret Wolf and daughter, Georgia Rae, spent last week-end with E. T. Wolf and family.

Mr. and Mrs. Russell Smith of 8 So. Louis street, are the proud parents of a brand new baby girl, born Monday, Dec. 30, 1935. Mother and baby are reported doing very nicely at the Women's and Children's hospital in Chicago. The father, Russell, is said to be recovering rapidly also from this, his first experience of this kind.

Mr. and Mrs. Herman Hofer of Henry, Ill., parents of Mrs. L. C. Rieberg, are spending the holidays between their daughters at Chicago and here in Mt. Prospect.

Mr. and Mrs. Arvid Carlson entertained a group of friends in a New Year's Eve celebration.

Ernie T. Wolf reported seeing a flock of about eight geese flying north over town Monday, Jan. 6. He says this is a sign of something or other and we hope an early spring.

Mrs. Dora Schramm, Mrs. Berta Dresser, Mrs. Clara Busse and Mrs. Marie Ivers were luncheon guests of Mrs. Stella Jones in Chicago, Tuesday, Jan. 7.

The Mount Prospect Catholic Women's club met at the home of Mrs. Geo. B. Clark, 310 S. Emerson street on Thursday afternoon, Dec. 26.

Drum and Bugle Corps

The Drum and Bugle Corps rehearsals are being resumed on Mondays and Thursdays at 6:45 p. m., in the public school basement.
Rehearsals will be held on these nights each week and all members are urged to be present at all rehearsals.

Woman's Circle Notes

The first meeting of the new year will be held Jan. 15 at the home of Mrs. McCoy, 318 Ioka, with Mrs. Gehring assisting hostess. Come and make this a good start.

Am. Legion Aux. Notes

With the rush of the holiday season past, the American Legion auxiliary of Mt. Prospect, will settle down to its regular routine again.
The first meeting of the new year will be held at the home of Mrs. D. Budlong, 312 S. Emerson street, on Monday evening, January 13, at 8:15. After the regular business meeting, bridge will be played.

V. F. W. Notes

The Veterans of Foreign Wars of Prospect Post No. 1337, wish to extend a New Year's greeting to everyone, and pledge to do all possible to help our disabled comrades in the future as in the past. Many thanks to the community for their cooperation during 1935, and it is the hope that 1936 will bring many pleasant associations.

V. F. W. Auxiliary Notes

A Happy and Prosperous New Year to all, is the greetings of the Ladies' Auxiliary to Prospect Post No. 1337, Veterans of Foreign Wars. The auxiliary gives many thanks for the splendid cooperation and support of the Community Year with great hopes of continuance of the same.

The post is very proud of its relief record of 1935 and will strive to do all they can for the disabled veterans in 1936. Car loads of donations have found their way to many hospitals, chiefly the Elgin State hospital where many pitiful cases have been found, donations to the Widows and Orphans Home at Easton Rapids, Michigan, stationary to hospitalized veterans, hundreds of glasses of jelly, 800 doughnuts and many friendly visits to the disabled veterans have been made.

The collection of old silk stockings, canvas empty spools and men's clothing of all kinds has begun again. These will be delivered to the disabled buddies. Men's clothing will be especially welcome in these cold days. Mrs. Arthur Fleish is chairman and asks that you offer any members of the V. F. W. Auxiliary your donation and these will then be collected and delivered.

"Bake Sale"

The Woman's Circle are planning a bake sale, Saturday, January 11, in the vacant store at 111 Main street, formerly occupied by Kinsels. Many goodies will be on display.

The next meeting of the Club Pack will be held in the school basement on Friday, January 17, instead of on January 10, as previously announced.

Suburban Bowling Contest Held Here

The Mt. Prospect Recreation has just completed the greatest bowling event in the history of local bowling. The number of entries for the Individual Handicap Tournament that was held during the past week-end was the largest of any such tournament ever held in this district.

The management of the local Recreation has made a great effort to assure the bowlers the best of everything, including fast tournament alleys, perfect ventilation and the environment needed to make bowling a real success. The success of this tournament proves that these efforts are appreciated. A greater record would have been possible had the management been able to extend the tournament another day. As it turned out, Mt. Prospect has very good reasons to be proud of the fact that their bowling establishment has set a new record that may stand for quite a while. It is tournaments of this type, coupled with the friendly and neighborly spirit of the Village that is making our town one of the bright spots in the world of bowling.

Contestants from the following towns participated: Arlington Heights, Aurora, Edison Park, Elgin, Glenview, Niles Center, Palatine, Park Ridge, St. Charles, Waukegan, Wilmette, Woodstock and last, but not least, Mt. Prospect.

The winners: 1st, Ed. Bleser; 2nd, Ray Burmeister; 3rd, Jim Dumba; 4th, Dr. O. Kirsch; 5th, Phil Bleser; 6th, Chris. Trost; 7th, Ed. Girdus; 8th, L. Sorensen. The high game out-of-money prize was taken by Wm. Fleisch.

Masonic Club Elects Officers

At the December meeting of the Masonic club the following officers were elected and installed: R. E. Gould—President.
G. S. Crawford—Vice President.
Arvid Carlson—2nd Vice President.
S. W. Harrington—Secretary.
A. W. Holmberg—Treasurer.
E. L. Dutton was appointed

Bowling Briefs

Greetings. The Friday night Major League started their 1936 bombardment of the maps by getting some very nice scores and if we can judge the rest of the season by Friday night's results we should see some pretty classy bowling.

Paradise Ice Cream finally snapped out of their losing ways and took all three from the Dutch Master Cigars. Art Mueller collected on a 209 game while leading Paradise with 585. J. Zahn was high for Dutch Masters with a hot (?) 464 series.

El Reno Cafe continued their pace setting by white washing the Perfecto Garcia Cigars. The El Reno boys were really hot while it seemed the Garcia team was pretty tired. C. Ladendorf rolled a neat

239 game for the buck. J. Schultz led El Reno with 596. W. Rateika led Garcia with 589.
After losing the first game to the peppery Kruse's Tavern, the Recreation settled down and did some real bowling to take the last two. P. Featherkile fulfilled an earlier prediction by bowling his first 600 series of the season. It was an even 600 series but it was the best of the evening for the Recreation. P. Breile collected on a 243 game while leading Kruse's with 578. The standings:

ARLINGTON HEIGHTS Society Events

The Little Flower Society held their pre-Christmas party Tuesday night, January 7, in the home of Mr. and Mrs. J. A. Wisersky on South Walnut avenue. It was a juvenile party in costume and didn't they all have a jolly Merry Christmas time, even though it was January. There were refreshments the Christmas brand and the spirit of Christmas everywhere.

A large company of relatives and friends gathered in the home of Mr. and Mrs. M. Saar to give him a wake up surprise on his birthday, Saturday, January 4. Mr. Saar was genuinely surprised and didn't look one day older than he did last year, such a happy face he wore to greet his friends. A generous supper, lively games and all that goes to make "The birthday child" happy. The genial atmosphere of loyal friends, the hospitable host and hostess, made the guests all ready to accept the new theory that life begins at seventy and that in that belief Mr. Saar was only a very young man and his guests, also young, showered him with wishes of many happy returns.

A surprise party was given Mrs. Clarence Brinkman on her birthday, December 27. Twenty-five couples, assembled at the home of Mr. and Mrs. John Haemker on So. Evergreen avenue. From there they drove to the farm home of the Brinkmans, arriving in front of the home they tooted their horns and Mrs. Brinkman hurried out to see who it was. The surprise was immense. The guests came armed with hampers of good things to eat and did they eat? There were many lovely birthday gifts enough to make the guest of honor happy for years to come dancing and music and a jolly, yes a whole of a good time. They lingered until the wee small hours and left with regret to end such a happy party, all wishing Mrs. Brinkman many happy returns of the day and the perfect surprise.

Dr. and Mrs. E. A. Elfeld entertained their usual group of friends in their home New Year's Eve. They were sure to welcome the new year a hopeful welcome. The old

year has not been all happiness to these loyal, true friends, and we are sure their guests New Year's Eve brought them genuine cheer for the new year. A Happy New Year coming to host and guests, so may it be.

Mrs. Ed. Behrens entertained a party of friends in her home west of town to assist her and her family to remember her birthday December 28. There was a most wonderful supper generously served as no one can excel Mrs. Behrens in preparing and serving. There was a mountain of delicious sweetness built in a decorated birthday cake. A cake, a sweet sixteen might be proud of. The company played cards and other games, and all had a jolly good time. The hostess so generous and so genial, made each one have a good time, until a late evening hour they departed wishing their hostess many happy returns of her birthday, even to 100. The following were guests: Mr. and Mrs. Clarence Brinkman and children, Mr. and Mrs. Jensen, Mr. and Mrs. Harold Brinkman, Mrs. Fatt, and Mr. and Mrs. George Tanner of Oak Park.

PUBLIC SCHOOL

The Dundee basketball boys postponed their games scheduled with us for Friday, Dec. 20, and these games will be played here Wednesday, Jan. 15. This week Saturday we play Palatine at the high school gym at 2 p. m.

The lunch room, under the management of the P. T. A. and Ever Ready club committee, continues to operate at a wonderful advantage. About 40 children are served with lunch each noon.

Miss Henning and her pupils committee issued a very attractive Christmas edition of the school paper, "Nosey News."

The girls chorus furnished the Christmas music for the P. T. A. program, just before the Christmas vacation. These girls are directed by Miss Fern Lorenzen.

The band meets again Friday. The boys are making splendid and hope for opportunities to play.

Below are listed the names of pupils who made the Honor Roll during December.

Announce Engagement of Miss Ellerbrake at New Years Dinner

Rev. and Mrs. J. H. Ellerbrake, formerly of Arlington Heights, announce the engagement of their daughter, Agnes, to Mr. E. A. Wahl of Jamestown, Mo. Mr. Wahl is a graduate of Elmhurst college and of Eden Theological Seminary, Webster Groves, St. Louis, Mo.

This is his second year as pastor of the Evangelical church at Jamestown, Mo. Miss Agnes is a graduate of Knox college, Galesburg, Ill., and is teaching in Harvey, Ill. The announcement was made at a family dinner on New Years day at the home of Mr. and Mrs. Ben Helfers.

Evelyn Laseke Bride At Cleveland Wedding

A very pretty wedding was solemnized at the Calvary Lutheran church, Cleveland, Ohio, Saturday, Dec. 21, when Evelyn, daughter of Mr. Albert Laseke, of Arlington Heights, was married to Melvin Schwendeman, son of Mr. and Mrs. Fred Schwendeman, Cleveland, O. The ceremony took place at 8:30 p. m.

To the strains of Lohengrin's wedding march played by Miss Lake, the bride and groom walked down the aisle which led to the altar, where the Rev. Ernstberger was standing in a bower of palms and appropriate decorations.

First entering were the ushers, Wallace Duncan, Edward Dowling, Wm. Tait and Richard Beuman. The maid of honor was Viola, sister of the bride, dressed in a blue crepe dress, carrying pink roses.

The bride, dressed in a long white satin dress entered upon the arm of Mr. Fred Schwendeman. Her veil was caught up by clusters of pearls and orange blossoms, she also carried white roses.

The best man was Fred Schwendeman, brother of the groom. All the men were in full dress.

Just before the ceremony Mr. Henry Oberst sang "Oh, Promise Me," and "At Dawning."

The Rev. Ernstberger proceeded with the ceremony after which he bestowed his blessings and good wishes on the happy pair.

The reception with about 30 guests was held at the home of Mr. and Mrs. Fred Schwendeman, Sr.

Mr. and Mrs. Melvin Schwendeman received many pretty and useful gifts. They will make their home in Cleveland, Ohio.

Those who attended the wedding from Arlington Heights were Miss Viola Laseke, Leonard Rodewald, Mr. and Mrs. Wilbert Niebuhr, Bernice Wolf and Erna Scheele.

Are Wedded In Military Ceremony At Little Rock, Ark.

Another young couple from Arlington Heights are married. Miss Laverne Nelson, daughter of Mr. Chas. E. W. Nelson and Capt. Theodore P. Kellogg, son of Mrs. Nellie Kellogg were united in marriage at Little Rock, Ark., Saturday, Dec. 28, 1935, at 4:15 p. m., at the beautiful home apartments of Capt. Davis.

The wedding ceremony was performed by the Presbyterian minister of Little Rock, Ark., and was attended by officers of the Army and Navy and several guests, most of whom wore army and navy uniforms.

The wedding was of a military character, the bridegroom being attired in his navy uniform and his attendant, Capt. Morris, in the uniform of the U. S. Army. The bride, who is of a charming personality, was becomingly dressed and was attended by the wife of Capt. Morris.

Many friends in our community will miss this young couple, but extend to them their best wishes for a happy married life.

Descent Traced Through Mother
A matriarchy is a social organization in which descent is traced through the mother only. The system is found in primitive groups throughout the world. It does not involve rule by the mother.

OBITUARY

WILLIAM HINRICHS

Mr. William Hinrichs was born July 27, 1860, in Hanover, Germany; on August 5th, 1860, he was baptized; on April 16, 1873, he came to the United States with his mother, brother and sister, and made their home in Bloomington, Ill. Mr. Hinrichs was confirmed in the Lutheran church; on June 26, 1901, he was united in marriage to Miss Alvina Weirich, by Rev. Noack at the St. Peter Ev. Lutheran church at Arlington Heights, Ill. Mr. Hinrichs passed away January 2, 1936, at his home at 117 S. Dunton Street, Arlington Heights, at the age of 75 years, 5 months, 5 days. He leaves to mourn his departure his wife, Alvina, and 2 children, Edna and Oscar, 1 daughter in law, 1 son in law and 8 brothers in law. Funeral services Sunday afternoon, January 5, 1936, at 1:30 p. m. at his late residence at 117 S. Dunton St., Arlington Heights, and at 2 p. m. at the St. Peter Ev. Lutheran church, Revs. Noack and Frick officiating, interment in Euclid Lawn cemetery, funeral arrangements by Karstens.

SHIRLEY RUTH JUHNKE

The sympathy of the entire community is extended to Mr. and Mrs. Henry H. Juhnke of 404 S. Maple in the loss of their infant daughter, Shirley Ruth, that came to bless their home Saturday morning, Jan. 4, and passed back into God's care Sunday morning at 5 a. m. Services were held from the home Monday, Rev. F. L. Gehrs spoke many words of comfort to this bereaved father, mother and sister, Florence and many other relatives.

CARD OF THANKS

Mr. and Mrs. Henry H. Juhnke wish to thank all that were so kind, Rev. Gehrs, Walter C. Oehler, relatives and neighbors.

MR. FRED SCHAEFFER

Mr. Fred Schaeffer, a resident of Mt. Prospect, Ill., for 53 years, died at his home in Mt. Prospect, Ill., Dec. 25, 1935, following an illness of one week. He had reached the age of 72 years, 5 months. Mr. Fred Schaeffer was born July 28, 1863, at Obenbeck Herford Minden, Germany. Being the oldest son of Mr. and Mrs. Henry Schaeffer of Germany, he was baptized and later instructed and confirmed by Rev. Schmatenback of Germany in the Lutheran church. On April 2, 1888 he was united in marriage with Mathilda Henningsmeier, the sermon taking place in Elk Grove, Ill. Rev. H. F. H. Ramelow officiating. To their union were born seven children. Mr. and Mrs. Fred Schaeffer and family resided on a farm on Elmhurst road until 1925, when he then quit farming and built a home in which he lived until his sudden death. The deceased was a faithful and devoted member of the local Lutheran church since 1888. He was a strong Christian character, a true loving husband, father, friend and neighbor.

He leaves to mourn, his faithful wife, one son, six daughters, five sons-in-law and eight grand children; one sister and three brothers. Funeral services were held at the home and the St. John's Lutheran church in Elk Grove, Ill., Sunday, Dec. 29, 1935, at 2:00 o'clock p. m., by Rev. F. L. Gehrs. Burial was in the St. John's cemetery next to the church.

During her first term of office in the Legislature Mrs. Van der Vries, so her friends declare, has been an aggressive worker in the cause of education, in the protection of local municipal government and particularly in the effort to hold taxes to a minimum.

CARD OF THANKS

We wish to thank all our relatives, friends and neighbors, Rev. F. L. Gehrs and the Lauterburg & Oehler funeral directors for their wonderful service shown us during the death of our dear husband and father, Mr. Fred Schaeffer who died Dec. 25, 1935.

Mrs. Fred Schaeffer and Children.

District Meeting of Legion Auxiliary Next Week

On Jan. 16 at 8 p. m. the Ninth District of the American Legion Auxiliary, will meet at the LaFollette Park Field House, Laramie and Kirsche streets, with John F. Conley Unit as hostess. This is an Americanism and National Defense meeting, to which the public is cordially invited. Mrs. Pauline Rinkaker, past department president and Mrs. Mable Pantelis, department National Defense chairman, will be the speakers. Mrs. Helene Orulie and Mrs. Minnie Cunningham, have charge of the meeting.

Furniture Men To See Styles For 1936 Homes

Studtmann Bros. are attending this week the furniture show at the Furniture Mart in Chicago and the convention that is in progress at the same time.

More Than 600 Displays
At the Furniture Mart, which is the largest building in the world devoted to a single industry and houses the permanent displays of more than 600 manufacturers they will inspect the new merchandise and select the lines thought most suitable and giving the best values for home-makers here. Soon the "1936 models" will be on display in retail stores from coast to coast.

"Advance reports from the Furniture Mart are that the new lines are the most beautiful ever shown there." Mr. Studtmann said yesterday. Furniture is a style commodity that simply can't be purchased satisfactorily from catalogs. You have to look at a chair from all angles, and then sit on it, to know whether it's a good buy or not! The store that isn't represented at the national markets does not have an opportunity to study the manufacturers' lines and compare values.

Mart Closed to Public
The markets at the Furniture Mart, held twice each year, are closed to the public. Makers of carpets and rugs, electrical appliances, housefurnishings, lamps, toys, and related lines, as well as furniture, have their displays in this central location. Buyers may thus see all the lines without going to the factories themselves, which are scattered through more than 30 states.

Nomination Petitions For Bernice Van de Vries Now In Circulation

Friends of Bernice T. Van der Vries, member of the Illinois General Assembly for the Seventh Senatorial district are circulating petitions in Palatine, Arlington Heights and Mount Prospect for the renomination as representative on the Republican ticket in the primary election on April 14, 1936.

During her first term of office in the Legislature Mrs. Van der Vries, so her friends declare, has been an aggressive worker in the cause of education, in the protection of local municipal government and particularly in the effort to hold taxes to a minimum.

Knox Student Candidate for Legislature

David Manley Molthrop, 20-year-old son of the late Judge Charles P. Molthrop, of Melrose Park is a candidate for the Democratic nomination for member of the state legislature from this, the Seventh district. David, who is a junior at Knox College at Galesburg, will be twenty-one before the next legislative meets, and will thus be eligible for the office.

Mr. Molthrop is a most energetic young man, and has been laying the foundation for his campaign for several months. His youthful enthusiasm is attracting wide attention throughout the district. His petitions, already widely circulated, will contain 15,000 names, and the young man is scheming to get first place on the ballot.

He has secured a list of 400 members of Knox alumni, and spent the holiday season contacting them, and enlisting their active support. He visited Palatine a week ago. He is taking the next semester off and will devote the entire time to his campaign, after which he will take one semester's work at Chicago university, to make up the time he has lost.

David has mapped out his career. He will study law, and enter actively into politics. Win, or lose, he will be a candidate for the state legislature for two consecutive times after which he will be a candidate for congress. He will be twenty-four years of age at that time, and twenty-five when congress assemblies, making him again just eligible for that office.

The River Forest youth is not seeking any organization backing, but is running on his own, seeking support from all factions but endorsement from none.

He is a graduate of Oak Park and River Forest high school, and will count heavily upon the support of the young people of Oak Park with whom he attended school, when he runs for congress. In his present contest, Oak Park cannot help him any, as it is not in the Seventh district.

Praising Hard Work

All of us sing the praises of hard work. We begin praising hard work centuries ago in an effort to induce other people to do our share of it.

Ginger Rogers "In Person" At The Catlow

Paul Muni, as the "scarface of medicine" will play the title role in "Dr. Socrates," the feature playing the Catlow theatre, Barrington, Friday night. A Jack Pot of \$175.00 will be a further item of interest. Saturday night brings Dumas' glamorous adventure, "The Three Musketeers" in which are starred Paul Lukas, Walter Able, Ian Keith, Margot Grahame and Heather Angel.

Ginger Rogers, the dancing starlet of "Top Hat," will be breathlessly revealed as America's new sweetheart in the picture, "In Person," showing the Catlow Sunday and Monday. This is a new heart-throb romance from the pen of the author who gave the world "It Happened One Night." George Brent, Alan Nowbray and Grant Mitchell appear in the cast. A new Silly Symphony Cartoon in color, comedy and late news will be added to the bill.

Next Tuesday, a Jack Pot night, will introduce Dick Foran, the singing cowboy, in "Moonlight On The Prairie." It will be followed by a three-day run of "The Littlest Rebel," Shirley Temple's latest production. John Boles, Jack Holt, Karen Morley and Bill Robinson appear as featured players in this story of the civil war in which little Shirley manages to win President Lincoln to her cause and save her father's life and the life of the Yankee officer who befriended them in their troublous times.

Morton Grove Ball Club Prize Masquerade at Morton Grove Saturday

A large crowd of merry-makers will participate with the members of the Morton Grove Baseball club in their annual masquerade Saturday evening. Mueller's Hall has been selected as the site and, if advance ticket sales are any indication, an overflow crowd is in prospect. As a special attraction the club will award twenty-five dollars cash in various prizes. There will be the usual prizes for the most comical gent and lady, the best dressed, the best group, etc. Also an award will be given for the ever-popular "depression special," under the title of the most economical costume. Mel Borchardt's six piece orchestra has been secured to provide the syncopation and the grand march is scheduled for 11 p. m.

The Rambler team is a self-sustaining aggregation without a sponsorship and can operate in the summer only through the proceeds of their off season activities, which in the past have always been well attended.

TEST SEED CORN TO HELP AVOID POOR STAND

"Rag Doll" Method at Home Proves Success-ful.

With much of the seed corn in- tended for next spring's planting in Illinois below standard because of early frosts and late maturity of the crop last fall, poor stands can be avoided only through home test- ing this winter, said G. H. Dungan, associate in crop production at the College of Agriculture, University of Illinois.

Seed corn should germinate at least 90 per cent to assure a good stand. Prospective seed supplies can be tested readily at home by the use of the well known "rag doll" tester. This tester is made by placing 100 grains of the chosen seed stock on a dampened cloth, covering the samples with another cloth and rolling the two pieces together loosely. The tester should be kept damp and at a tempera- ture of about 80 degrees.

Testing the samples before late winter will give the farmer oppor- tunity to secure additional seed supplies before planting time if the available supply does not mea- sure up to the required germination standards, Dungan said. Good quality seed corn may be located through the agronomy department of the college later this winter.

While it is too late to improve the germination qualities of corn that was cured improperly after picking in the fall, frequently in- spections of the stored supply will help keep the seed in good con- dition. This is especially necessary if there is an abrupt change from a cold, dry condition to warm, damp weather.

During such a change the mois- ture condenses and collected on the cold grains of corn and may ruin the seed if allowed to remain until the weather again turns cold. A small stove or other heating equip- ment in the farm seed room will dry the corn and prevent such dam- age.

E. H. MOELLENBRANDT
Monday, Feb. 10, at 12 o'clock. E. H. Moellenbrandt will sell at public auction on the farm for- merly known as the Fasse farm, 2 miles south of Medinah, 1 mile south of Higgins road, the follow- ing property:

Livestock
17 head choice dairy cows, 5 with calves by side, balance milk- ers; 4 heifers; Durham stock bull; 5 head good horses.

Machinery
Grain binder; corn binder; mow-er, hay rake; corn planter; spread- er; disk harrow; 2-sec. harrow; hay rack and wagon; low wheel wagon; 2-row and 1 single row cultivators; 2 set double harness and many other articles too numerous to men- tion.

Feed
20 tons timothy hay, baled; 4 stacks high corn; 2 stacks stalks.

RAHLFS & HOTH, Aucts.
H. W. SCHNADT, Clerk.

Miami Beach Children Get Traffic Training

HERE, in Miami Beach, Fla., "miniature" traffic police are directing miniature automobiles under the watchful eyes of real policemen. Thus elementary school children are taught by experience how to avoid the many traffic hazards.

TO TAKE MYSTERY OUT OF BANKING

By ROBERT V. FLEMING,
President American Bankers
Association

The American Bankers Association has cooperated wherever it could properly do so in every measure for national recovery. It has offered constructive recommendations for such changes in banking laws as we recognized were necessary, and we now have a better law under which to operate. The Banking Act of 1935 affords us opportunities for broader service and, at the same time, retains the fundamentals which we believe are so vital to our national welfare and which have played a large part in bringing our country, in a comparatively short space of time, to the position of the greatest industrial nation on the earth.

R. V. FLEMING

The Public and Banking

It is necessary that the public have a thorough understanding of the functions of banks, what they can do and what they cannot do, for it must be recognized that to many people the business of banking is still somewhat of a mystery.

We should frankly explain these functions to the public, acquaint them with the laws under which we operate and emphasize the vital part which banks play in the economic life of the Nation. Therefore, in order that there may be the fullest cooperation and understanding between the banks and the people of the country, it will also be one of our objectives to take the mystery out of banking wherever it exists.

Banking Conferences

A series of Regional Conferences on Banking Service will be held in strategic sections of the country, embracing all types of banking. The new banking laws and the regulations issued thereunder will be carefully analyzed so that our bankers will have a thorough understanding of the broadened services now made possible.

The question of public relations and how we can best serve the people of our communities will be another topic of discussion. Clinics or forums on specific questions of interest to bankers and the problems confronting them in their particular localities will also be included.

PUBLIC ATTITUDE HELPS THE BANKS

Annual Bankers Convention Says Public Confidence Has Been Restored

The restoration of public confidence in banking has put it in the position where it can function fully and vigorously in playing its full economic part in the progress of recovery, said the American Bankers Association in its annual convention. The passage of a generally constructive banking law in the Banking Act of 1935 has stabilized the banking situation and enabled bankers to devote undivided attention to the normal administration of their institutions in promoting the business and public welfare of their communities," the resolutions said. "We feel that it is a particularly important feature of this law that it aims to create through the revision of the Federal Reserve Board a Supreme Court of Finance which, with the non-political appointment of exceptionally competent men, should constitute one of the greatest forward steps in building a sound banking and credit system."

The Government in Banking

Another resolution said: "We particularly emphasize the desirability of the retirement of government from those fields of extending credits of various types which can be adequately served by privately owned institutions. We recognize that the exigencies of the now passing depression made necessary a large participation by government for a time in the task of meeting emergency financial needs. "Those conditions have been largely remedied and the obligation now rests upon the banks and other financial agencies to demonstrate to the people of this country that they are fully able and willing to meet all demands upon them for sound credit cooperation. It is our duty as bankers to facilitate in every effective way the retirement of government agencies from credit activities by promoting public understanding of the proper function of privately owned banking."

School Savings

During the school year which closed June 30, 1935, American school children to the number of 2,826,388 deposited \$11,575,900 in school savings, reports to the American Bankers Association show.

River Forms Impassable Barrier
During the rainy season, Ethiopia's Takkaze river rises some 18 feet above its normal level, forming an impassable barrier between the northern and central provinces.

Suddenly Standing Cause of Increase in Weight

A man standing up suddenly when excited weighs twice as much as when sitting down quietly. This fact has to be taken into consideration when race course and football stands are built, says the Milwaukee Journal.

For example, a grandstand is being built to accommodate 2,700 people. This number might represent a weight of 160 tons—that is, if they could be relied on to sit still all the time. But as, on occasion, almost all of them might be standing up at the same time and, in addition leaning forward and perhaps swaying together, they had to be treated as weighing quite 300 tons.

The stresses set up by the movements of live loads have been closely investigated. Men have been placed on the platforms of scales and made to crouch and then stand upright. It was found that the act of standing up from a crouch added 67 per cent to a man's weight. Getting up from a chair added 79 per cent to his weight.

If the man from crouching suddenly straightened up with a violent jerk, and at the same time brought his arms down violently, the scale showed that he had momentarily added 174 per cent to his weight—that is, he had increased it more than two and a half times.

India, Empire Itself, Unlike Other Sections

India has a peculiar and particular status in the British empire, unlike that of any other division. It is an empire in itself, embracing kingdoms and states with various forms of government, says a writer in the Cleveland Plain Dealer.

There is an Indian legislature, but with no such extensive powers as those of the self-governing dominions; and the British government maintains a tighter control over the policies of the Indian administration than over those of most of the crown colonies.

Legally, "British India" means all territories governed by the king-emperor through the governor general of India, or through any governor or other officers subordinate to the governor general of India; while "India" means British India together with the territories of the princes and chiefs who are simply under the suzerainty of the king-emperor. The subdivisions of "British India" are called provinces; the other territories are chiefly states.

Habits of Natives of Papua

For brightness and color, Port Moresby in Papua tops all other world ports of call, its natives being wholly free from the sophistication which has affected most of the South seas. Each of the numerous tribes has its own series of dances and extraordinary head-dresses. In the Motu tribe, for example, the men's head-dresses are of bird-of-paradise plumes, and cassowary, parrot, cockatoo and kingfisher feathers. To these are added the fur of the spotted cuscus and strings of dog teeth. The women wear a rami (grass skirt) of shredded fiber of the sago palm and pandanus leaf, and their bodies are frequently tattooed from head to foot, even eyelids, lips and fingertips being included in the decorative scheme. The tattoo artist uses a twig of thorns, the barbs of which act as needles. The ink is soot collected from tree smoke.

A Rhyme O' Health

Health is the love that men adore;
Its praise is loudly chanted;
So let your doctor examine you;
Don't take your health for granted!

STORIES about Ponce de Leon and his search for the mythical Fountain of Youth in the early days of the Spanish explorations are found in many books, but here's a story just for and about each of you. You might have to read between the lines, but—"seek and ye shall find..."

Each year thousands of persons make trips to various watering places throughout the world where natural springs give forth a healing and beneficial water. These rest cures are really attempts to repair in a few short weeks the damage done to the body during the entire year.

There's another method of doing the same thing—much less expensive and available to every one. People who follow this system get at least eight hours of sleep each night, get out-of-door exercise regularly, visit the dentist and doctor frequently and follow a simple diet plan that includes plenty of fruits, vegetables and at least a quart of fresh pasteurized milk daily.

MONDAY MORNING

By DOUGLAS MALLOCH

MONDAY morning back to school. When a Sunday's over. Though I'd rather, as a rule, Stay and play with Rover. But we need it when we're men (That's my mother's warning). So it's back to school again Every Monday morning.

Monday morning I must go Back to school to study, But I hardly mind it, though— So do Bill and Buddy. There's a great big yard to run, Where you play and shout it; School is quite a lot of fun, When you think about it.

Monday, once upon a time, I was kept from going. Well, you think a thing's a crime, Without ever knowing. How you'll miss it, as a rule, Taken without warning. How you'll miss it—even school On a Monday morning.

© Douglas Malloch—WNU Service.

Smart Ensemble

Jane Wyatt here displays a three-piece suit, with fabric of small check in beige and wine red. The knee length overcoat is cut on swag lines with mannish revers. The hip length jacket is styled with four patch pockets on the bias. The belt is wine red leather. With the ensemble, Miss Wyatt wears a wine red velvet hat, wine and beige scarf and wine accessories.

ANNABELLE'S ANSWERS

By RAY THOMPSON

DEAR ANNABELLE: A PROMINENT DOCTOR HAS SAID THAT ALL REDUCING SYSTEMS MAY BE SUMMED UP IN FOUR WORDS. CAN YOU TELL ME WHAT THEY ARE? L. C.
DEAR L. C.: "NO MORE, THANK YOU!"
Annabelle.

Meaning of "Bears" and "Bulls" as Market Terms

A "bear," with reference to "bears" and "bulls" of exchange, is one who contracts to sell securities, foreign exchange, or commodities, especially without ownership of the thing sold, in the expectation of obtaining it at a lowered price before the time of final settlement.

The name was originally "bear-skin jobbers," and was probably first used in allusion to the proverb "To sell the bear's skin before one has caught the bear." A bear is also one who speculates for a decline or one who sells short, observes a writer in the Indianapolis News.

A bull is one who operates on a stock, commodity, or produce exchange in expectation of a rise in the price of securities or commodities, or in order to effect such a rise, and is just the opposite of bear.

A bearish market is one tending to fall in price and a bullish market is one tending to rise in price. The bears and bulls who attempt, the one to depress and the other to raise prices, are said to be so called in allusion to the bear's habit of pulling down, and the bull's of tossing up.

"Grace Darling" of North Wales

MRS. ELIZABETH JONES, the "Grace Darling" of North Wales, who spends a lonely life on Llandwyn Island, Anglesey, is shown handling the oars in the male fashion. Besides being relief lighthouse keeper, she takes her share of coast watching and helps with the pilot boat.

"Little Stories for Bedtime" by Thornton W. Burgess

THE HUNTER IS DISAPPOINTED

HOW he knew he was safe, Lightfoot the Deer couldn't have told you. He just knew it, that was all. He couldn't understand a word said by the man in whose yard he found himself when he climbed the bank after his long swim across the Big River. But he didn't have to understand words to know that he had found a friend. So he allowed the man to gently drive him over to an open shed where there was a pile of soft

The Hunter Looked Surprised and Then His Surprise Gave Way to Anger.

hay, and there he lay down, so tired that it seemed to him he couldn't move another step.

It was only a few minutes later that the hunter who had followed Lightfoot across the river reached the bank and scrambled out of the boat. Lightfoot's friend was waiting just at the top of the bank. Of course the hunter saw him at once.

"Hello, friend!" cried the hunter. "Did you see a deer pass this way a few minutes ago? He swam across the river, and if I know anything about it he's too tired to

travel far now. I've been hunting that fellow several days, and if I have any luck at all I ought to get him this time."

"I'm afraid you won't have any luck at all," said Lightfoot's friend. "You see, I don't allow any hunting on my land."

The hunter looked surprised, and then his surprise gave way to anger. "You mean," said he, "that you intend to get that deer yourself?"

Lightfoot's friend shook his head. "No," said he, "I don't mean anything of the kind. I mean that that deer is not to be killed if I can prevent it, and while he is on my land, I think I can. The best thing for you to do, my friend, is to get into your boat and row back where you came from. Are those your hounds barking over there?"

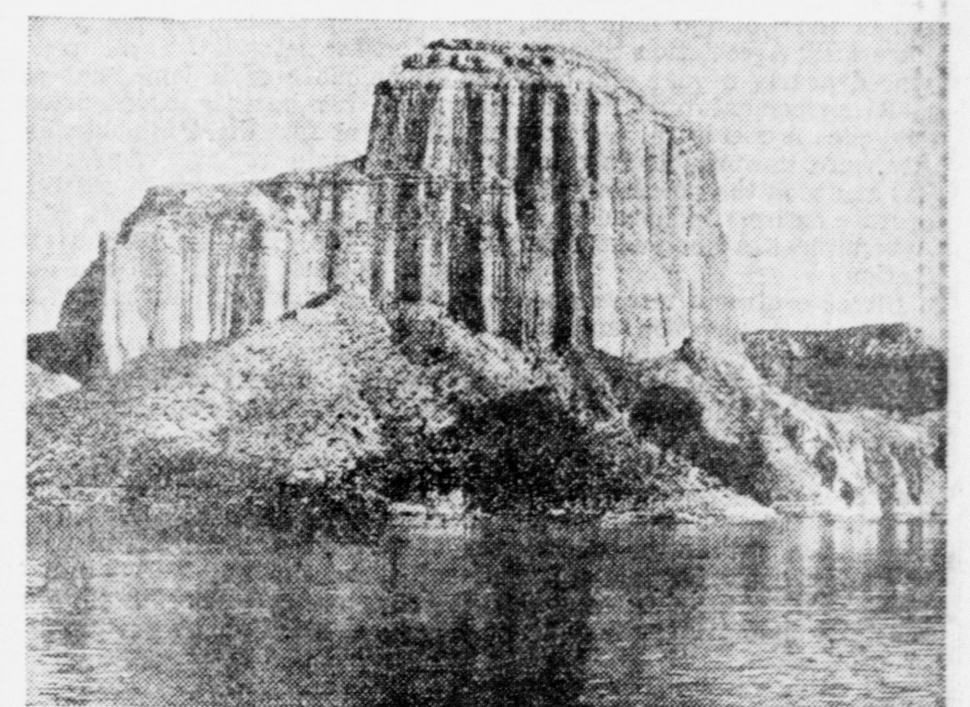

"No," replied the hunter promptly. "I know the law just as well as you do, and it is against the law to hunt deer with dogs. I don't even know who owns those two hounds over there."

"That may be true," replied Lightfoot's friend. "I don't doubt it is true. But you are willing to take advantage of the fact that some one else's dogs have broken the law. You know that those dogs had driven that deer into the Big River, and you promptly took advantage of the fact to try to reach that deer before he could get across. You are not hunting for the pleasure of hunting but just to kill. You don't know the meaning of justice or fairness. Now get off my land! Get back into your boat and off my land as quickly as you can! That deer is not very far from here and so tired that he cannot move. Just as long as he will stay here, he will be safe, and I hope he will stay until this miserable hunting season is ended. Now go!"

Muttering angrily, the hunter got back into his boat and pushed off. But he didn't row back across the Big River.

The "Temple" Looks on Boulder Lake

VIEW of the majestic "Temple," an imposing formation of rock looking down on the Grand canyon of the Colorado. In the foreground are the waters of the newly formed Boulder lake. The few explorers who risked their lives to thread the canyons of the Colorado in the old days hailed the Temple as a friend, because it marked the approach of the end of their journey.

Beagle an Old Dog

The beagle is generally considered to be a very old breed. English in origin, of course. Some dog historians believe that it may have been among the original English dogs. Such a thing is quite plausible, notes an authority in the Chicago Tribune, because hounds for the chase are very old in the evolution of dogs. Even Xenophon wrote about hunting hares and the use of dogs for this sport. So it is not surprising that hounds like the beagle and the harrier take us "way back in history. The beagle is justly popular in America. It is popular in the hunting fields where the fast-running cottontail can be found, and it is a dog that takes top registration honors among the sporting hounds.

Tattoo Their Face

The Susu, a tall people of French Guinea and Sierra Leone, tattoo three lines on the breast and beneath the eyes.

ARLINGTON DROP TWO BY ONE POINT

Arlington dropped a pair of non-conference holiday games to Niles Center last Friday, both by one point. The games were rather ragged yet closely fought. In the middle of the last quarter it appeared as though Arlington's heavies had the game won. Then three bad errors by Arlington guards and Niles Center caused into the lead which they kept during a hectic last minute of play.

The Arlington lightweights tossed away a game which they might easily have taken in their half of the weird evening. They controlled the ball two-thirds of the playing time, passed better than their opponents, and played a better defensive game. Yet by the simple method of missing free-throws and easy shots from the floor, they lost the ball game. Seven baskets in forty-seven attempts, most of which were within ten feet of the basket, shows the kind of shooting they did. In addition they scored one free-throw in seventeen (yes, 17) attempts.

Cheering news to Arlington was Schneberger's individual play in the front court and Grismer's fine recovery of the ball on defensive. Also the passing attack looked first-class at times.

FALL OF AAA NO EFFECT ON MILK

Pure Milk Assn. Predicts Farmers Will Turn To Large Cooperatives.

In commenting upon decision of the Supreme Court of the United States in declaring the AAA unconstitutional, the Pure Milk Association today issued the following statement:

Fortunately for the milk producers in the Chicago milk shed, the Pure Milk Association became convinced nearly a year ago that the trade agreements and licenses under the Agricultural Adjustment Act were unworkable in this market and took the necessary steps to operate entirely independent of the Agricultural Adjustment Administration.

Direct contracts were signed between the Association and distributors. Those contracts are now in operation, so that the Supreme Court decision has no effect upon the Chicago milk situation.

No processing taxes or control measures were levied upon dairy products. Therefore, elimination of the Agricultural Adjustment Act will affect dairy farmers only indirectly. One of the chief concerns in the dairy industry is adequate tariff protection.

All dairy farmers, however, are deeply concerned with the national welfare of all of agriculture. Elimination of the Agricultural Adjustment Act by this decision will undoubtedly bring to the fore an immediate plan to handle the various commodities through large cooperatives, whose activities should be dovetailed through a National Agricultural Board, chosen and directed by producers and acting under the supervision of the Department of Agriculture. Very little additional legislation is needed to put this into immediate operation.

Extroverts, Introverts

The introvert spends most of his life planning to him the plan itself in his imagination satisfies him. The extrovert probably makes no better plans—possibly not as good—but he puts them into practice. In fact, writes Albert Edward Wiggam in the Detroit News, he executes his plan while he is making it—plan and execution go together. For this reason the introvert is valuable in a business for working out ideal plans but he is not the best executive for carrying them out. Both are valuable in business, but each for a different reason.

CARDINALS FACE BRONCS HERE TUESDAY

Three Big Games for Arlington Teams the Coming Week.

COMING ARLINGTON HEIGHTS GAMES

Friday, Jan. 10—Arlington at Lake Forest.
Tuesday, Jan. 14—Barrington at Arlington.
Friday, Jan. 17—Arlington at Palatine.

The first one of several big home games is on deck for the Cardinals and Green Tornadoes of Arlington high. Next Tuesday evening at 7:30 their old rivals, the "Broncs" of Barrington will be here. Barrington comes with the well earned reputation as one of the best teams again this year on the North-west conference. They for last year's championship they may again rate well up there this year. To date they have won two and lost one conference game. Their victories were over Palatine and Lake Forest by decided margins, while they dropped one game to Leyden by a close score.

Their "Lights" are, with Arlington at this writing, the only undefeated teams in the league. If each can get through tonight's game with Bensenville and Lake Forest respectively the game will be a battle for top honors in their Junior circuit.

Probable Lineups

Barrington — Grabenkort, f; Klopstein, f; Anderson, c; Castle, g; Hager, g.
Arlington — Johnson (Capt.), f; Annun, f; Weisberger or Pingel, c; Deavie, g; Kopplin or Harrah, g.
Barrington has its stars again this year. At forward Grabenkort and Klopstein are really a pair of basket getters. Grabenkort seems to be more of a long shot artist while his partner Klopstein is adept at fast drive in shots, or the hard angle variety. Anderson at center is big enough to control the tip-off and gets his quota of baskets. The giant Hager is a stand-out at back guard and can do his share of shooting particularly from long range.

Arlington has been coming along rapidly, improving every game. Their floor work has been pretty good all year and they are improving in their shooting.

With both teams at top form there is no doubt that the tiny gym at Arlington will witness another of those thrilling encounters that put Arlington and Barrington always put up. The lightweight game will be called at 7:30 sharp.

MORTON GROVE

The Ladies' Aid of Jerusalem Lutheran church, Morton Grove will give a bingo party at the church hall on Thursday afternoon, January 16, at 2 o'clock. Everybody welcome.

The annual meeting of the congregation will be held on Sunday, January 12, at 2 o'clock.

Former Judge Cutting, 81, Is Better After Operation

Charles S. Cutting, judge of the Probate Court from 1889 to 1914 and now a member of the law firm of Cutting, Moore & Sidley, is recovering at the Presbyterian hospital from what was termed by his associates as a relatively minor operation. The operation was performed two days before Christmas. Mr. Cutting is 81 years old.

Largest Lizard in U. S.

The Gila monster of the southwestern desert is the largest lizard in the United States, and the only poisonous one.

PRODUCTION OF MILK IS INCREASING

All Time Low Reached Nov. 5; Still 15 Pounds Under Year Ago.

Evidence that milk production in the Chicago milk shed is now definitely increasing was indicated today by figures released by the Marketing Department of the Pure Milk Association, which were compiled for the index on average daily production per PMA herd. Shortly after reaching the year's all-time low production record of 223 pounds of milk daily per PMA herd on November 5, production has ascended rapidly until on December 25 an average daily production of 268 pounds was recorded.

While this mark is 15 pounds under that of the same date last year, indications are that production will continue to ascend until a high seasonal peak is reached in the late spring of 1936.

Pure Milk officials warned the membership to take every precaution to prevent a large production of milk in the following winter and spring months, calling attention to the fact that the high seasonal production period will bring lower butterfat and condensary prices anyway, and that there is no reason to encourage a heavy milk surplus in this marketing area.

Establishment of a sound marketing policy based on supply and demand with a favorable price spread over condensary, coupled with a favorable relationship between feed prices and condensary prices in the last 60 days are probably basic reasons for this increase in milk production, PMA officials said.

Dairy farmers who vigorously called their herds by testing for Bang's disease and Mastitis and eliminating border cows from their herds to save production costs, are now replacing their stock. In addition dairy cattle are now beginning to recover from the effects of the severe 1934 drought and the abnormally high milk production conditions that followed and remained until the seasonal high in June of 1935.

EAST MAINE

The annual business meeting of St. Matthew's Lutheran congregation has been scheduled for Sunday afternoon, January 12 at 2 p. m. Election of officers will also take place at this time.

Mrs. Henry Jacks has been on the sick list and was confined to her bed several days this week, but is reported to be improving.

St. Matthew's Ladies' Aid announce a bunco party to be held at the school hall, Friday evening, January 17, at 8 o'clock.

Mrs. Minnie Mueller and daughter, Lydia, have left for a trip to California. They are driving, accompanied by a couple of friends and plan to be gone about two months.

The members of the W. P. U. V. and their wives and families enjoyed their annual "hasenpfeffer" supper at Henry Dilg's hall Sunday evening, January 5. Ahrens' orchestra furnished music for dancing with the old fashioned dances predominating throughout the evening and providing much amusement. All in all it was a jolly affair.

Members of the Cook County Truck Gardeners' Association are invited to bring their friends and neighbors to the big thirty-fourth annual meeting of the organization to be held Saturday afternoon, January 11, at 2 p. m. in the Masonic hall, Jefferson Park. An interesting program of speakers and entertainment has been planned in addition to routine business.

Speaking of going to sunny climes, the Albert Ahrens family accompanied by his mother, Mrs. Henry Ahrens, left here Tuesday, January 6, headed for Florida in Al's new Ford. There were several farewell parties for them over the week-end. Al's bowling companions and their families had a jolly gathering in their honor Friday evening of last week, while on Saturday evening a crowd of Marian's young friends had a party for her and January 6 another group of Al's friends gathered for a final game of cards e'er the little party would say good-bye to snow and ice and head south. We wish them a pleasant journey and a safe return.

The East Maine P. T. A. held their first meeting of 1936 at the school house Monday evening, January 6. Definite plans were completed for the big masquerade the association is sponsoring on Saturday evening, January 18, at the Croatian school auditorium. Music for the affair will be furnished by the Silver Vikings and sandwiches, cake and coffee will be available. An admission price of 35 cents will be charged and from excellent authority we have been told there will be twenty prizes of quality awarded for best and funniest costumes, etc., besides the two door prizes.

"THE GREAT WALTZ" A TRIUMPH

Guy Robertson, as Johann Strauss, Jr., and Marion Claire as Resi, His Sweetheart, in "The Great Waltz." Max Gordon's Mammoth Musical Play from Radio City Now at the Auditorium Theatre, Chicago.

AFTER its enormous hit at the Center Theatre, in Radio City, New York, and the avalanche of praise heaped upon it by press and public alike it was only natural to expect that "The Great Waltz" would be equally as successful at the Auditorium in Chicago where it is now playing a limited engagement. However, the result so far exceeded even the fondest expectations so that it seems safe to say "The Great Waltz" is the greatest hit Chicago has ever known.

NILES CENTER

Mr. and Mrs. Herman Maierhofer and Mr. and Mrs. Carl R. Wolters returned Tuesday from their trip to Mercedes, Texas. They report having had a lovely trip and a nice visit with Mr. and Mrs. A. Krell in Mercedes and with Mr. and Mrs. A. Lehrke, who live in San Antonio, Texas.

Mrs. Charles Poppenhagen of Niles Center road, has been quite ill.

Mr. Albert Alf is in the hospital due to pneumonia. We wish both a speedy recovery.

Miss Viola E. Kruse was a dinner guest of Miss Irene Tess Monday evening.

New Year's Day Mr. and Mrs. R. J. Kruse and daughter, Viola, were dinner guests of Mrs. Augusta Wagner of Lincolnwood. In the evening Miss Kruse was a dinner guest of Mr. and Mrs. Herbert Dilg of Morton Grove.

Mr. and Mrs. Carl Gorr of Chicago spent New Year's Day with the latter's mother, Mrs. Emma Eichleberg of Kostner avenue.

Mrs. Peter Loesch of Chicago spent Thursday with her sister, Mrs. Claude Lange.

Mr. and Mrs. Anton Rath held "open house" as usual on New Year's day for relatives.

Mrs. William Mohr and son, Elmer, with Messrs. Eugene Rudnick and E. Youngberg of Chicago, were visitors at the Albert Buchmann home a week ago Friday. During the holidays Mr. and Mrs. Feldhaus, Miss Ella Fick, Mr. Albert Fick and Mr. Fred Janz called on the Buchmanns. New Year's Eve guests were Mr. and Mrs. Claude Lange and Mr. and Mrs. Walter Kartheu.

Mr. and Mrs. Fred Wahls spent Sunday with Mr. and Mrs. Edward Wahls in Evanston. Friday evening they called on Mrs. Emma Wolters.

Mrs. W. Dale Todd and her sister, Miss Lillian Taylor, spent the week-end in Pittsburgh with their father, Mr. Taylor.

Mr. Peter Baumhardt was laid to rest last Friday in St. Peter's Catholic cemetery. A cerebral hemorrhage caused his death while he was put in the morgue, but finally found there he was brought home when final burial arrangements were made. He leaves to mourn his

EUCLID LAWN CEMETERY has a perpetual charter; 28 acres on East Euclid St. Is rural and parklike. Has non-sectarian and Lutheran sections. Both monument privileges and garden sections without monuments. Desirable lots can be had from \$21 to \$20 per grave. The cemetery is conducted without corporate profit. For particulars address—

MOVIES

"I Live My Life" Holds Audience in Spell

Joan Crawford brings a new kind of picture as well as a new leading man to the Arlington Theatre Sunday with her new Metro-Goldwyn-Mayer production, "I Live My Life."

The story is novel and dramatic and at times uproariously funny.

He's Hard-Boiled
Aherne is an archaeologist in "I Live My Life," as hard-boiled and city-hating as they come. When first he sees the beautiful girl from the yacht in the quiet bay of the island where he has been digging, he's uninterested.

She's obviously rich, and rich girls, to him, are parasites. When she tells him, however, that she is the owner's secretary, love comes in a rush. Thus begins a romance that rises to all-absorbing proportions.

When, however, the archaeologist follows the girl to New York, discovers that she is in reality the rich man's spoiled daughter, trouble—and excitement—begin.

Miss Crawford has never been more glamorous than in this sprightly, magnificently mounted production. Her Adrian-designed costumes are quieter, yet more stunning than ever before. In earlier settings are in exquisite taste, while the out-of-door scenes are as magnificent as only great landscapes and seascapes can be.

Supporting the leading players is a superb cast. Frank Morgan is at his funniest, mumbleing best as the well-meaning father.

Aline MacMahon Scores
Aline MacMahon gives a sterling performance as the woman archaeologist who loves her man too much to rob him of his happiness with another woman.

Eric Blore, the hilarious waiter of "Gay Divorcee," is now a butler—and a funnier butler never lived, unless he is Arthur Treacher, also prominent in the picture.

The genius which made Director Van Dyke's name famous is apparent in every scene of "I Live My Life"—in its swift pace and true dramatic accent. You'll be sorry if you don't see "I Live My Life."

Balaban & Katz Loop Theater News

Olsen & Johnson and their troupe of 65 "crazy people" come to the Oriental theater stage Friday, to convert the theater into a shamble of laughter. The show which these two nuts have organized is called "Everything Goes" and it's well named.

Among the nuts who assist Olsen and Johnson are "Ridiculous" Recco, "Sad Faced" Harry Webb, twenty-four dancing beauties; a singing trio and other acts. No matter how much assisting talent Olsen and Johnson bring with them, they are the stars of the show, as usual. Sometimes they don't even know what they're going to do themselves, but it always brings a laugh.

The motion picture on the bill will be "Personal Maid's Secret," a mystery drama with comedy. Duth Donnelly, Anita Louise and a large cast take part.

Idea of Personal Success
Jude Tunkins says he knows a man whose idea of personal success is single off the key so loud that the rest of the choir has to give up.

OUT THEY GO
Our Greatest JANUARY CLEARANCE
On Sunday and Monday, Dick Powell and Ruby Keeler, that lovable team of song and dance open for a two-day run at the Des Plaines, in "Shipmates Forever." Everybody is talking about this new romantic musical sensation, and a very pleasant two hours of entertainment is assured.

Rounding out the week, James Dunn, Claire Dodd, and Patricia Ellis in "The Payoff" is scheduled for a one-day showing on Tuesday, (Bank Night). On the second Bank Night, Wednesday, and also on Thursday, the feature attraction is "Remember Last Night," thrilling mystery drama starring Edward Arnold, and Sally Ebers. If you are in search of real entertainment, amid modern, comfortable, deluxe surroundings, the new Des Plaines Theatre is the logical place to go. Prices are never high, and the new theatre with a new spirit will not only satisfy, but actually surprise.

MUNICIPALITIES SEEK 'ANGLE' PARKING LAW

Would Leave Question up to City or Villages Affected.

Diagonal or "angle" parking of motor vehicles will be permitted in municipalities on that part of State Aid highways not under the jurisdiction and control of the State Highway Department, if H. B. 43, passed by the Legislature during the present Special Session, is signed by the Governor, says a Legislative Bulletin issued by the Illinois Automobile Club.

"Under the present law municipalities may, by passing an ordinance, permit diagonal parking on any of their streets except those which are extensions of State routes," explained Carl A. Barrett, president of the Illinois Automobile Club. "These State-route extensions through municipalities are regulated by the State and diagonal parking is prohibited on them."

A number of down-state communities, considering this law injurious to local commercial interests, as many State Aid routes run through their business districts, requested an amendment to the Traffic Code which was introduced by Representative Fred W. Rennie. If approved by the Governor, the amendment would operate like this:

"If a State Highway comes up to a municipality with a 20-foot concrete slab, it goes through that municipality over the local streets, the State controlling a roadway 20 feet wide. Suppose, however, that street was actually 60 feet wide; there would then be a 20 foot strip on each side of the state-controlled portion which, under the present law, is also under State jurisdiction. The amendment, as passed, would return these two strips to the rule of the municipality, with power to enact an ordinance permitting diagonal parking on the street, if the people want it."

"Unless an ordinance specifically permitting it is passed by a Municipality, the Traffic Code prohibits diagonal parking on any street in any municipality, and where diagonal parking is not permitted, the State law requires all parked vehicles to stand parallel to, with the right-hand wheels within 12 inches of the right-hand curb."

Independent Vegetable Growers to Hold Annual Meeting Jan. 18

The annual meeting of the independent Vegetable Grower's Association of Northern Illinois, will be held at the Elk Grove school, Higgins and Touhy, Saturday afternoon, Jan. 18, at 1:30 p. m. All members must be present. Refreshments will be served. (1-17)

Perjury
Every witness takes an oath, or affirms, that he will tell the truth, the whole truth and nothing but the truth, says the Indianapolis News. Then follows a lawsuit in which the plaintiff and defendant present witnesses who tell conflicting stories. This does not always indicate perjury. Psychologists and others have determined that persons can look at something and then give ten different versions of what they saw. The courts know from experience that such testimony often represents nothing more than personal points of view, but deliberate perjury is not hard to detect.

Planning the farm program.

The telephone will be a handy aid in your farm management during 1936. Every farmer needs his telephone, not only in emergencies, but also for the time and effort it will save in everyday farm affairs. Evidence of this is found in the large number of farm telephones now going back into service—telephones which were reluctantly given up during the past few years. The farmer who has a telephone is always in touch with markets and can buy and sell to his own best advantage. His family is always within voice range of neighbors, friends and relatives. The entire household enjoys the feeling of greater security which a telephone in the farm home always gives. The telephone will repay many times its small cost in satisfaction, convenience and protection. Order one now.
